

Our **REI Mastery U Partnering & Syndication Mastery Course** is a deep dive into the issues and complication when partnering with others in real estate. While a great way to do more deals, partners come with additional considerations you must understand before doing a deal!

This Mastery Course is an online educational program with both video and printed content. The materials are only available online through our website. While it can be purchased separately from other Mastery Courses, access to the content is restricted to members only. So, you will need a membership account on our site. Those start at \$99 (one month access) for our Rookie Investor Program. Our Professional Investor Program includes one year membership. All students in REI Mastery Coaching programs also receive a year's membership. Once a member, you can add on any Mastery Course. All memberships except the Rookie Investor Program are renewing memberships that decrease in cost after the first year.
